CELEBRATED LIVER PLLS

FOR THE CURE OF Hepatitis, or Liver Complaint, INSTRECTA A OF SICK BEADATHE

Symptoms of a Diseased Liver. DAIN in the right side, under the

I edge of the ribs, increases on pres sure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is telt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rhoumatism in the arm. The stomach is affected with loss of appe-tite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompaned with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sen-sation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cole or burning, and he complains of a prickly sensa-tion of the skin; his spirits are low; and although he is satisfied that exer-cise would be peneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he cistrusts every remedy. Several of the above symptoms attend the discise, but cases have occurred where few of them existed. Yet examination of the body. after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLane's Liver Pills, in CASES OF AGUE AND FEVER, when taken with Quirine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are affliced with this disease to give them a FAIR TRIAL.

For all billious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.
